

THE PROS AND CONS OF HAVING YOUR WEDDING IN THE CHRISTMAS SEASON

Still undecided on whether to throw your wedding during the Christmas season? Take a look at these pros and cons that will surely help you make up your mind.

PROS OF A CHRISTMAS WEDDING

Aside from a festive-themed wedding, get to avail of the best rates for your romantic honeymoon and experience the refreshing, cool weather!

CHRISTMAS-THEMED DECOR

PRO

Make the reception festive by putting up a well-lit Christmas tree as the main centerpiece. Pair it up with hanging garlands and colorful Christmas lights.

BEST RATES

PRO

Couples who want to hold their wedding during the Christmas season will have better rates at hotels, reception venues, and resorts for their honeymoon vacation.

GREAT WEATHER

PRO

As the month of December approaches, the temperature gets lower and lower. To combat this, the bride and groom can wear pieces with velvet fabric to keep them warm and exude the same aura as a royal wedding.

PLENTY OF MENU OPTIONS

PRO

With the cold season, you do not have to worry about serving a hot bowl of your favorite Filipino soup dish. Christmas weddings can be an excuse to serve comfort food.

SOMETHING OUT OF THE ORDINARY

PRO

From decor, flower arrangements, and attire, certain elements of the season could serve as an inspiration for the overall theme of the wedding.

GREAT GIVEAWAY IDEAS

PRO

The cold season is abundant with everyone's favorite things and events! Here are some of the items your wedding guests will happily take home:

CONS OF A CHRISTMAS WEDDING

While everyone is looking pristine during the wedding ceremony up until the reception, it could be difficult for guests who do not do well in the cold.

BUSIEST TIME OF THE YEAR

CON

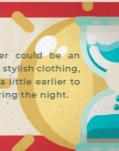

Take note that your wedding day also marks your anniversary. With this, coinciding wedding anniversaries with the Christmas season may be stressful due to schedules during the holidays.

SHORTER DAYTIME

CON

While the cold weather could be an excuse to wear thick yet stylish clothing, you must start the day a little earlier to avoid total darkness during the night.

UNPREDICTABLE WEATHER

CON

Setting the reception venue indoors without adequate heating can turn the food stale and make the guests freeze. Holding it outdoors delivers the same results except worse because there is no way to control the temperature.

KEY TAKEAWAY

Christmas weddings can be dreamy and romantic. However, there are a few things to consider before choosing the date during the holiday season. Seek professional advice from services that provide catering in Manila.
